November 24, 2026

Dear Families,

Our residents are looking forward to seeing family and friends over the holiday season and we certainly encourage your visits! Below are a few Christmas notes:

Scent-Free Christmas Gifts: We remind families the RK is a scent-free environment and you are asked to avoid scented products like soaps, perfumes, after shaves lotion, etc.

Clothing Christmas Gifts: Clothing gifts can be dropped off to our Laundry Department, Monday to Friday from 8:00am – 4:00pm **prior to wrapping and have a name tag put on**. This is the best way to ensure that the new clothing does not go missing. Please ensure the clothing is in a bag / box clearly marked with the resident's name and instructions as to what to do: deliver the labelled clothing to the resident's room, or pick up for gift wrapping.

Decorating Residents' Rooms for Christmas: If you are interested in decorating your Family member's room, please keep the following points in mind:

- Extension cords are not permitted
- All trees and wreaths must be artificial and must not block clear access to and from the room.
- Please contact Damian Welsh, Director of Environmental & Food Services for more information at (902) 863-2578 ext. 230

In the Event of an Outbreak: families will be notified and visitors to the impacted care area will be provided with masks and personal protective equipment as necessary to support their visit.

On behalf of the Board, administration, and staff of the Home we wish you and your family a very Merry Christmas and a Happy New Year.

Merry Christmas

Terry MacIntyre, CEO
